# The **Relias Nursing Suite** enables hospital systems to validate competency and performance outcomes

**EVIDENCE-BASED OUTCOMES** 

- + Relias Assessments predicts a nurse applicant's likelihood of success indicators based on clinical, behavioral, and situational scenarios
- + Relias Onboarding determines a nurse's knowledge and critical thinking skills, then recommends ANCC-accredited content to fill identified learning gaps
- + An ANCC Premier Provider award winner, Relias CE Direct offers more comprehensive education courses, in more categories, than any other provider

#### TRANSFORMATIONAL LEADERSHIP

- Relias Assessments identify nurses with leadership potential and provides guidance for how to coach new and existing leaders
- Relias Onboarding improves leadership among med/ surg, ICU, L&D and ER nurses, and has a course to develop preceptors
- + CE Direct has more than 100 courses on management and leadership to maintain licensure and foster transformational leadership

### STRUCTURAL EMPOWERMENT

- Relias Assessments delivers insights into situational awareness and critical thinking for candidates in more than 40 nursing specialties, allowing organizations to place nurses on units where they are most likely to succeed
- Relias Onboarding determines a nurse's knowledge and critical thinking skills upon hire, then delivers 2–8 minute learning modules to efficiently prepare them for safe, independent practice
- CE Direct supports
   organizations' mission, vision,
   and values to improve patient
   outcomes through continuing
   education that reduces
   patient harm, increases
   clinical competency, and
   improves HCAHPS scores

## EXCELLENCE IN NURSING PRACTICE

- + Relias Assessments
  provide annual learning
  needs and professional
  growth, which contributes
  to a nurse's self-directed
  learning and promotes
  autonomous practice
- Relias Onboarding determines a nurse's knowledge and critical thinking skills upon hire, then delivers personalized, ANCC-accredited content to promote readiness for safe, independent practice
- + CE Direct offers 50+ review courses to prepare nurses for certification exams, as well as Digital Clinical Textbooks that enable bedside references for more than 600 conditions and diseases

#### INNOVATION, QUALITY, AND LEARNING

- Relias Assessments' data can be used for research and evidence-based practice studies, and provides national benchmarks for comparison via reporting tools
- + Relias Onboarding provides reports that identify individual and group areas of strength and opportunities for improvement to continually improve the effectiveness of both online and faceto-face education
- + CE Direct increases clinical proficiency and improves clinical outcomes to support organizations on their high reliability journey by delivering blended learning experiences
